

Hello!

Welcome! We are so excited that we will be working together this year. We can't wait to learn about you as a student and a person. We will do lots of things together this year as we explore Massachusetts, weather, butterflies, fractions, and lots of interesting projects. We have a lot of fun in our grade and we will do a lot with technology.

We will be reading some great books this summer and we hope you have too. Remember to keep track of what you are reading this summer. We're headed off to Wellesley Book Fair later this summer to pick up some new books. In a few days at school we would like to share and discuss some of the books you read during your summer vacation. Also remember to practice your math and try some fun activities to keep your mind sharp over the summer.

We are looking forward to a wonderful school year and getting to know all of you. Please review the supplies that will tell you what you will need for the week or so before. Enjoy the rest of your summer!

Sincerely,

Mrs. Lundbom [lundbom@msd.org](mailto:lundbom@msd.org)
